Available reporting terms in Phase 2:

During Phase 1 we noticed the same Section ID/Course were reported as both Quarters and Semesters or Quarters and Annual in the same school. Is this possible that the same course is taught in the morning as a quarterly course and then a different class in the afternoon as an annual course?

This is a change from Phase 1 when the WSLS Enroll School was required to report all courses for all their student enrollment.
- CWCS Reporting School:
  - Student Record List (students from WSLS School will now appear)
  - File Upload Request – MUST provide the WSLS\_SCHOOL in Student Record when the CWCS Reporting School is different than the ENROLLED school for the student.
